IMPORTANT INFORMATION

To enroll in school, go to the school administrative services.

It's very importante to refer:

- number of years attended in the school;
- how well the student speaks Portuguese;
- the need to take PNMT (Portuguese as Non-Mother Tongue) classes.
- In the 3rd Cycle, there are schools where students can choose the second foreign language (usually French or Spanish). In some cases, they may be excused from studying the second foreign language.
